## DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL OF DENTON TELECOM PARTNERS I, L.P. TO GRANDE COMMUNICATIONS, INC.

### STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 03-218

On September 30, 2003, Denton Telecom Partners I, L.P. (DTP) filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,<sup>1</sup> to transfer control of DTP to Grande Communications, Inc. (Grande) (together with DTP, Applicants).<sup>2</sup>

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) because the proposed transaction would result in the transferee having a market share in the interstate, interexchange market of less than ten percent, and the transferee will provide competitive telephone exchange services or exchange access services (if at all) exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction, and neither DTP nor Grande is dominant with respect to any service.

DTP is a facilities-based CLEC providing new broadband construction-based cable TV, local and interexchange telephony services, and Internet access services to primarily residential as well as commercial customers in the Dallas-Fort Worth area.<sup>3</sup> Denton Telecom Holdings I, L.L.C. (Denton) owns the sole general partnership interest in DTP. Denton Telecom Investors I, L.L.C. owns all limited partnership interests in DTP.

<sup>1</sup> 47 C.F.R. §§ 63.03, 63.04. *see* 47 U.S.C. § 214

<sup>2</sup> Applicants are also filing applications for transfer of control associated with authorization for international services. Any action on this domestic 214 application is without prejudice to Commission action on other related pending applications

<sup>3</sup> *See* Letter from Brad E. Mutschelknaus et al., Kelley Drye & Warren LLP, to Marlene H. Dortch, Secretary, FCC, *Denton Telecom Partners I, L.P. Application for Consent to Transfer Control of an Entity Holding Blanket Domestic Section 214 Authority*, Oct. 6, 2003

Grande does not itself provide regulated telecommunications services and is not authorized to provide regulated telecommunications services in any state. Through its affiliates, however, Grande is a facilities-based CLEC providing new broadband construction-based cable TV, local and interexchange telephony services, and Internet access services to primarily residential as well as commercial customers in various communities in Texas, plus wholesale telecommunications and Internet services to national and competitive telecommunications companies.<sup>4</sup> Grande is a direct, wholly owned subsidiary of Grande Communications Holdings, Inc. (Holdings). Holdings is not authorized to provide regulated telecommunications services in any state but functions solely as a holding company for Grande and its affiliate, Grande Communications Networks, Inc. (Networks). Holdings has two 10% or greater owners, each of which owns 14% of Holdings and is a U.S. citizen: Centennial Ventures, Attn: General Counsel, 1428 Fifteenth Street, Denver, CO 80202; and Whitney & Co., Attn: William Laverack, Jr., 177 Broad St., Stamford, CT 06901.

On August 27, 2003, Denton, Denton Telecom Investors I, L.L.C., and Grande entered into a multiparty Membership Interest Purchase and Sale Agreement that contemplates the transfer of control of DTP to Grande. Upon completion of the transaction, Grande would hold a direct 100% ownership interest in the voting capital stock of, and 100% voting control over, Denton, and thus DTP. The proposed transfer of control will be transparent to current customers of DTP.

The Applicants state that this proposed transaction will serve the public interest, convenience and necessity by allowing increased availability and competition in the provision of domestic telecommunications services. Additionally, the pro-competitive benefits of the transfer of control, placing DTP on firm financial footing and preserving competition, would not be diminished by anticompetitive effects. No competitors would be eliminated from any market for telecommunications services as a result of the transaction, and neither DTP nor Grande, nor any of their respective affiliates, control or hold substantial interest in any dominant telecommunications carrier.
